CARES IN EDUCATION

(Coronavirus Aid, Relief and Economic Security Act)

In March 2020, Congress passed a \$2.2 trillion economic relief bill, the largest in U.S. history. The emergency relief acts provide unprecedented financial support to the nation to address the economic impact of COVID-19. Phase 3, the Coronavirus Aid, Relief, and Economic Security (CARES) Act, supports taxpayers, student borrowers, states, certain private industries, and education.

MDR has created selects in our database to help customers reach districts, public schools, and higher education institutions based on the estimated CARES Act funding the districts are eligible to receive.

Choose K-12 districts and public schools by the range of CARES Elementary and Secondary Emergency Relief dollars districts are expected to receive. This selection is based on the following:
